

DBE Solicitation

Project Name: SR 400 Express Lanes Project

Project No: Project MSL00-0001-00(757), P.I. No. 0001757

Quotes Due Date: 4/30/2021

Location: Fulton/Forsyth Counties, GA

Owners: Metro-Atlanta Express Solutions JV

Contact Name: Marc Frasier

Looking for: DBE 13%

Notes: The Metro-Atlanta Express Solutions JV (Dragados-USA; Halmar International LLC & Prince Contracting LLC) is soliciting proposals from GDOT qualified and certified DBE firms for the SR-400 Express Lanes Project. The Project will be part of the larger Georgia express lanes network, designed to provide a connected transportation system with reliable trip times for motorists and transit passengers. Please contact Marc Frasier DBE@MetroAtlantaExpressSolutions.com.

Description: The Project consists of approximately 16 miles of express lanes along SR 400 between the MARTA North Springs Station at Exit 5C in Fulton County and approximately 0.9 miles north of the SR 400/McFarland Parkway Interchange at Exit 12 in Forsyth County. The Project includes eight new bridges, seven replacement bridges and four widened bridges plus two bridge culvert extensions and seven retainer bridge culverts.
