**Re: CBE-certified Team Members for GHD's LA County On-Call Engineering & Project Management Support Services (BRC0000321)**

To Whom It May Concern:

GHD Inc. intends to submit a proposal for Los Angeles County Public Works (LACPW) On-Call Engineering & Project Management Support Services (BRC0000321)

The project is a three-year on-call contract with LACPW. The project requires experience in water resources and stormwater management. Proposals are due **Wednesday, April 27, 2022**, at 4:00 pm.

The total, aggregate, not-to-exceed annual amount for the Program is \$60,000,000; it is anticipated that up to 14 contracts will be awarded. In accordance with the County's Community Enterprise Program participation by qualified firms, GHD is soliciting statements of qualifications from CBE-certified firms for Waterworks and Related Engineering Services.

If you are interested in this teaming opportunity, please send a statement of qualifications to Paul Glenn at paul.glenn@ghd.com or call 760.415.6177. We have more information regarding project scope, but we encourage everyone who may be sending information to seek out the County's RFP before following up.

We request that statements of qualifications avoid boilerplate language and briefly focus on the following attributes in sharing firm experience:

- Experience with LA County and associated departments
- Experience with on-call contracts
- Experience in the local area

We greatly appreciate all consideration and effort applied to this teaming potential, and we look forward to further communicating with candidates.

Regards,

A blue ink handwritten signature that appears to read "Paul Glenn". The signature is fluid and cursive, with a long horizontal stroke at the end.

**Paul Glenn, PE, PG**
